60th Anniversary of the European Convention on Human Rights

4 November 2010: The European Convention on Human Rights celebrates its 60th anniversary.

The year 2010 is an opportunity to remind ourselves that the system established by the Council of Europe 60 years ago has improved the lives of millions of Europeans by bringing about a fundamental change in how they perceive their rights to life, liberty, security, a fair trial, family life and freedom of conscience, religion and expression.

Youth on the Move

An initiative of the European Union

Youth on the Move – strengthening support to Europe's young people

Five million young Europeans are looking for a job. Many of them will miss opportunities because they lack the right qualifications or experience. The European Commission launches Youth on the Move, a new flagship initiative aimed at helping these young people to gain the knowledge, skills and experience they need to make their first job a reality.

Part of the EU's new Europe 2020 strategy, Youth on the Move proposes 28 key actions aimed at making education and training more relevant to young people's needs and encouraging more of them to take advantage of EU grants to study or train in another country. This will increase young people's employability and access to the labour market.

"By 2020 all young people in Europe must have the possibility to spend a part of their educational pathway in other Member States" said Commission President José Manuel Barroso.
